- All our pizza bases are vegan friendly.
- All the ingredients in our Gluten Friendly dough are certified as containing no gluten, but due to the fact that we produce our pizza bases in a wheat environment, we cannot guarantee that the finished product is 100% free from gluten and thus is not recommended for Celiac patients.
- All of our pizza bases have a thin crust and are par baked in a wood fired pizza oven. Bases are then vacuum packed for freshness into packs of 3 and then frozen. We sell the bases in boxes of 12 bases per box (4 x packs of 3's).
